

The Access Way

1

Discovery

Project purpose, understand the objective, determine the need

2

Educate

Collaborate on solutions that fit the need

3

Design

Engineer the optimal solution

4

Validate

Confirm that the selected solution meets the objective

5

Execute

Plan, communicate, order, manage, commission

6

Lifecycle Support

System optimization, expert technical service, replacement analysis, future planning

SCHEDULE YOUR LUNCH AND LEARN

ACCESS INC
POWER · HVAC · MONITORING

About ACCESS, Inc.

In 1993, John and Lee Heeter founded Access, Inc., focused on providing reliable, performance-driven solutions for HVAC and critical infrastructure challenges throughout Wisconsin and Upper Michigan.

Now, combined with 200+ years of engineering experience, Access, Inc., can take on any HVAC or critical systems challenge with confidence. Through our partnership with industry-leading organizations, we are able to offer our clients market-leading solutions in the most reliable and economic way. Whether we are working with business leaders, contractors, value added resellers or engineers, we will apply our industry expertise and knowledge to find the solution for you.

Purpose – Be an irreplaceable, sustaining resource!

Focus – Ensuring uptime with market-leading and performance-driven Power, HVAC, and Monitoring solutions!

Our Difference Makers

Best-in-class technical expertise

1

Keeping your business in business

2

Trusted advisors offering market-leading brands

3

Core Values

Customer Success Ahead of Our Own

Educate to Dominate

Creativity & Innovation

Bust Down Walls Tenacity

Quiet Confidence

HVAC Equipment

ACME Manufacturing

Gravity Roof Ventilators, Roof Curbs

Air Concepts

Grilles, Registers, Diffusers, Nozzle and Punkah Diffusers

Air Distribution Concepts

Fabric Duct

Airetechnologies, Inc.

Fire Dampers, Wood Truss Dampers

AIRTHINGS

Connected Indoor Air Quality Monitoring Devices

AtmosAir Solutions

Bi-Polar Ionization Air Purification Equipment, Grilles and Security Grilles, Registers, Diffusers, Terminals

BELIMO

Electric Damper Actuators

Berner Air Curtains

Air Curtains and Air Doors

Bosch/ Florida Heat Pump

Water Source and Geothermal Heat Pumps, Air Source Heat Pumps, Boilers

Broan Nutone

Ceiling Exhaust Fans and Accessories, Range Hoods and Kitchen Ventilation, Fresh Air Systems

Canarm HVAC

Commercial and Industrial Fans and Blowers

Carel

Humidifiers: Electrode Steam, Electric Element Steam, Gas-Fired Steam, Direct Steam and Water-Atomizing Types

Carnes

Registers, Grilles, Diffusers, Louvers, Dampers, VAV Terminals, Fans and Roof Vents, Humidifiers, Energy Recovery Products

Circul-Aire

High Density Air Scrubbers, Gas-Phase Filtration

ClimateCraft

Custom Air Handling Units, Energy Recovery Units, Fan Matrix for Fan Retrofits

Commercial Acoustics

Fan Silencers, Sound Enclosures, Acoustical Louvers, Absorption Panels, Sound Attenuators

Critical Environment Technologies

Gas Detection Equipment, Refrigerant Monitors

Dectron International

Industrial and Commercial Dehumidifiers, Indoor Pool Energy Recovery Dehumidifiers

Delta Cooling Towers

Anti-Microbial Cooling Towers, Corrosion Proof Cooling Towers

Direct Coil

Custom Coils and Coil Modules, Fluid Coolers

Envira-North Systems Ltd.

High Volume, Low Speed Destratification Fans

Enviro Fan

Commercial and Industrial Ceiling Destratification Fans

Fellowes

Smart Connected Fan Filter Units

Fraser-Johnston

Packaged Rooftop Units, Commercial Split Systems, Air Cooled Condensing Units

Haskris

Process Fluid Chillers and Custom Chillers for Medical and Industrial Applications

Healthway

High-Efficiency DFS Mechanical Air Filters, Standalone Air Purification Units, Modular Filtration Units

Innovative Air Technologies

Desiccant Dehumidifiers

Jetson

Modular Air- and Water-Cooled Chillers, Split System Chillers, Air- and Water-Cooled Condensing Units

Kees

Hoods and Exhaust Systems, Grilles, Diffusers, Access Doors and Access Panels, Air Mixers, Kitchen Ventilation, Security Grilles and Bars, Make-Up-Air Units

Kooljet

Packaged Refrigeration Units, Custom Medical and Process Chillers

Krack

Fluid Coolers, Air Cooled Condensing Units

Modine

Gas, Electric, Hydronic and Oil-Fired Unit Heaters, Packaged Gas Heaters and Duct Furnaces

Phoenix Air Systems

Hygienic Air Handlers for the Food Processing Industry

PRO Hydronic Specialties

Manual & Automatic Balancing Hose Kits, Stainless Steel Hoses and Coil Hook-Up Kits

Qmark

Electric Heating Products

RAE Coils

Industrial Duty Coils, Custom Coils and Coil Modules, Replacement Coil Specialists

Rapid Engineering

Industrial Heating and Ventilation Equipment with Standard and Custom Capability, Gas-Fired Heating Equipment, Make-Up-Air Equipment

Reliable Architectural Louvers and Grilles

Grilles, Registers, Diffusers, Louvers

RenewAire

ERV's (Energy Recovery Ventilators)

RPS Corporation

Roof Curbs, Equipment Rails

Roberts Gordon

Infra-Red Gas-Fired Heating Equipment including CoRayVac

RuppAir Management Systems

DOAS Units, Make-Up-Air Equipment, Ventilation Equipment

S & P—Soler and Palau

Roof and Sidewall Exhaust Fans

Smith Filter Corporation

Air and Grease Filters

Swegon

High Performance Energy Recovery Equipment, Chilled Beam Systems

Skyblade Fan Co.

High Volume, Low Speed Destratification Fans

THERMOLEC Thermolec

Electric Duct Heaters

THERMOPLUS ThermoPlus Air

Water Source Heat Pumps, Air-and-Water Cooled Self-Contained Units, Energy Recovery Units

Tuttle & Bailey

Grilles, Registers, Diffusers, VAV Terminal Boxes

Unilux HVAC Industries Inc. | SkyriseCities

Vertical Stack Heat Pumps & Fan Coils

United Enertech

Louvers, Control Dampers, Fire and Smoke Dampers, Backdraft Dampers

Ventaire

Garage and Welding Exhaust Systems

Ventex

Louvers, Control Dampers, Gravity Roof Ventilators, Insulated Control Dampers

Yanmar

Gas-Fired Variable Refrigerant Flow (VRF) Systems

York by Johnson Controls

Air Handling Units, Chillers: Air, Water-Cooled, Absorption; Packaged Rooftops, Under-Floor Air Distribution Systems, Heating and Cooling Coils, VAV Boxes, Split Systems and Ductless Split Systems, Fan Coil Units, Zone-Control Units, Self-Contained Cooling, Unit Ventilators

York-Hitachi VRF

VRF, Ductless Split Systems

Zoo Fan

Destratification Fans

Critical Support Equipment

AMCO Enclosures

Standard IT Racks and Cabinets, Custom IT Racks and Cabinets

ASCO

Transfer Switches, Load Banks, Paralleling Switchgear

ASM Modular Systems Inc.

Raised Access Flooring

Critical Labs

Monitoring and Reporting on Equipment Health

E&I Engineering Group

Electrical Switchgear, Busway, Power Distribution

Electro Industries/GaugeTech

AI Driven Energy Management & Power Quality Monitoring

Generac Power System

Industrial and Commercial Generators, Automatic Transfer Switches

IMS Electrol PowerWhips

Prefab Electrical Assemblies, Prefab Field Whips

High Voltage Maintenance

Electrical Power Management Services

Packet Power

Wireless Power and Environmental Monitors, Monitoring Applications

PQI-Power Quality International

Harmonic Mitigating, Ultra Efficient, and General Transformers

Raycap

Surge Protection Devices

Southern Tier Technologies

Power Factor Correction, Demand Lighting, ARC Flash Relay System

VERTIV/Liebert

UPS and PDU's (Uninterruptible Power Supplies, Power Distribution Units, Static Transfer Switches), Racks, Monitoring and DCIM, Data Center Thermal Management Systems, Preventive Maintenance Services, KVM, Alber

VYCON

Flywheel Energy Storage Systems

Services Offered

ACCESS – Access Customer Support Inc

Data Center Audits, Thermal Assessments
Thermals Services, Critical Infrastructure Managed Services, Generator and Transfer Switch Service

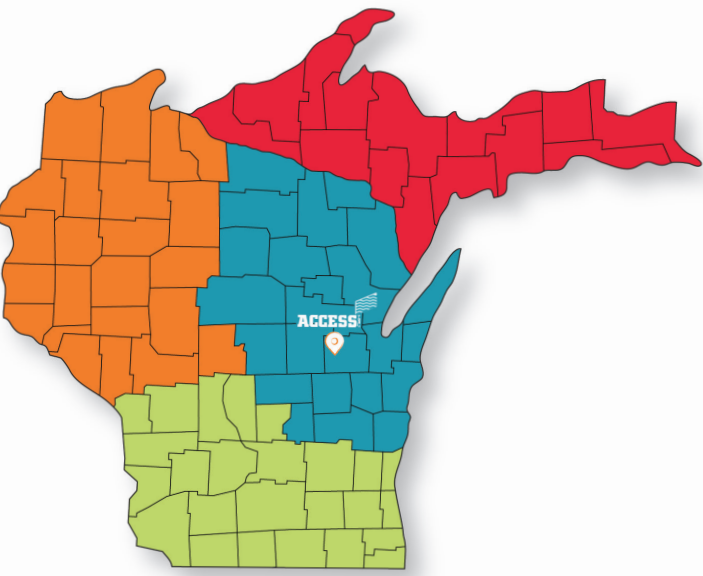

UWM Industrial Assessment Center - Access Partnership

Energy Audit: Level 2 - In-depth examination of energy usage, identifying opportunities for optimization and cost savings in commercial or industrial settings.

Vertiv

UPS and Critical Power Services: Comprehensive solutions for uninterruptible power supply (UPS) systems and critical power infrastructure, ensuring continuous operation and protection against power disruptions.
